

In reponse to COVID-19, we are now offering support to young people affected by parental drug and alcohol misuse and/or parental imprisonment

As part of our family services we are offering support to children and young people who are being affected by a parent's drug or alcohol misuse.

In addition, we are also providing support to young people who have a parent in prison. If you know a young person affected by these issues please contact your local team on the numbers below.

If you would like to refer a family or have a general enquiry, please contact the members of staff in each area.
