

Short Breaks

This is not a toilet roll...

You will need:

A toilet roll tube
A timer

Your imagination!

Go for it ...

You can make all sorts of things out of the inside of a toilet roll. Your adult might even have saved some up in the recycling for you to use. **Check out the video** for 5 easy ideas for things you could make.

But for this challenge you only need **one toilet roll tube**.

The game is to see how many things you could imagine the toilet roll to be. It's definitely better if you can come up with actions too.

You have **10 minutes** to see if you can **think of 20 things** your toilet roll could be before your adult returns.

Here are a few to get you started:

This is not a toilet roll ...

1. ...it's a telescope.
2. ...it's my nose.
3. ...it's hair bow
4. ...it's a caterpillar
5. ...it's a light saber

- Be silly, have fun.
- Think about your favorite things
- what could it be?
- Make a video to show your friends

Good work! Did you
make your adult laugh?
