Make a meme

Make someone's day!

Memes are like a virtual postcard. They can be funny, helpful or cute.

The best memes are the ones that people can relate to on social media.

Memes that go viral are often the ones that are very simple but have a clever mix of wording and imagery.

Try finding a meme maker in the app store or, this one on your PC:

<https://www.canva.com/create/memes/>

What memes can you create? Remember to share them with others
