

Worried about starting college in 2020?

GM Higher may be able to help!

From Mon 27th July to Fri 25th September,
GM Higher will be running a [Transition to
College Mentoring Programme](#) online!

Transition • College • University

Online learning • Independent study • Careers

Getting Around • Making Friends • Part-time work

Transition to College Mentoring

What is it?

Mentoring designed to support care experienced learners with their transition from school to college.

You will be matched with a one-to-one mentor, who will be a care experienced student from a university in Greater Manchester. We will try to match you to a mentor who shares similar career ambitions, subject interests or hobbies to you.

Who is it for?

Care experienced young people in Greater Manchester in Year 11. It will not focus on your past- but on your next steps into college!

When will it take place?

The programme will run over 9 weeks from Monday 27th July to Friday 25th September.
