

Jan Playfer

My Job...

I work with children and young people like you to find out what they are really good at and what they sometimes find difficult.

I use this information to work with lots of different people to make changes that would help you.

My job is called "Educational Psychologist" but you can call me Jan!

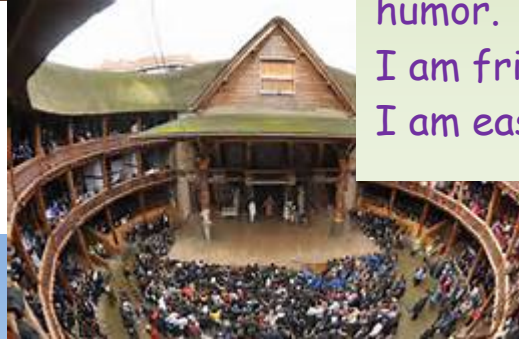

What people like about me...

I have a good sense of humor.

I am friendly.

I am easy to talk to.

What is important to me

- Cooking
- Playing board games.
- Watching and performing in plays.
- Spending time with my friends and family

What we might do...

When I come to meet you I will introduce myself and will tell you what we might do together.

This might be a chat about what is important to you. We might also do some games, drawing, questionnaires or some tests.

What happens if you're not sure about working with me...

If you're worried about working with me perhaps you could talk to someone about, either your parents or someone at school. But remember if you decide you really don't want to work with me you don't have to!

Hope to see you soon!
