

Join us for a new series of Infection  
Prevention and Control Webinars

# GMHP PRESENTS

## YOU SAID, WE DID

Based on **your feedback** from the 2025 programme, this year's webinar topics will include:

- Scabies
- Clostridioides Difficile
- Multi-drug resistant pathogens

We will also be **alternating** days and times for our 2026 programme.

## SAVE THE DATES

24

FEB  
2-3PM

29

APR  
10-11AM

14

JUL  
2-3PM

04

NOV  
10-11AM

All our webinars will be recorded, and the link will be shared with those who register so you can view at your leisure.
