

## Young minds computing club

# Learn and play: computer lessons for kids

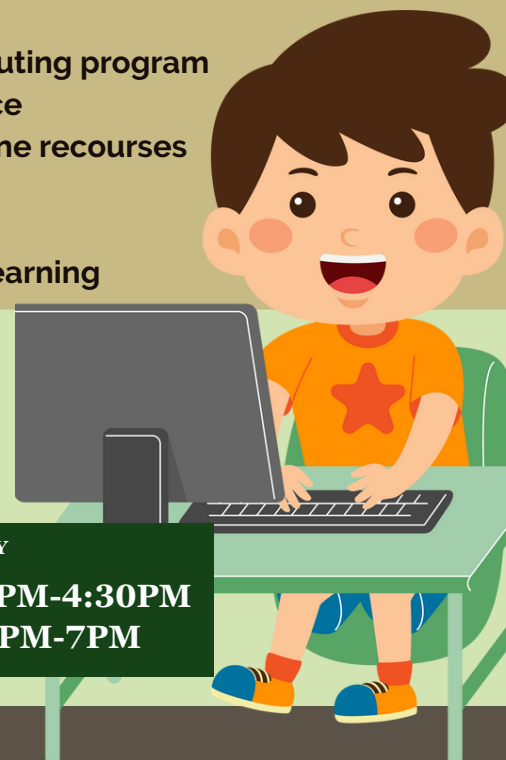

### Equip your children for the future of technology!

Our program is designed to teach children ages 5-16yrs the fundamentals of computer programming in an exciting and interactive way. Come down to our learning hub located in Bury Town Centre and join the fun!

#### £30/month including:

- Online expertise
- A structured computing program
- Practical experience
- Free access to online recourses
- Life skills
- Workshops
- Fun & interactive learning

Give your child the gift  
of knowledge and  
unlock their potential.
