

# Short Breaks

Barnardo's offers support to children and young people with individual needs to join in mainstream activities in Bury.

We support children to connect with an activity of interest e.g sport, drama, music etc and support for up to 12 weeks to become part of the group.

We spend time getting to know children and young people, understanding what is important to you when joining in new activities and make sure that leaders in the activity understand this.

For more information please contact <https://theburydirectory.co.uk/services/children-with-disabilities-team> or your social worker/family support worker
