

## **Role of the Communication Champion in Bury.**

- Overseeing the implementation and a consistent approach to WellComm and other programmes to support children's speech, language and communication development across your school/setting
- Train and support others team members, and keep all up to date re C and L aspects, and ensure these are disseminated to appropriate fellow practitioners.
- To work in partnership with parents and carers, sharing information to support the home learning environment, and also sign posting them to other areas of support.
- Be an advocate for the voice of the child
- To support fellow practitioners to incorporate appropriate strategies related to speech, language and communication into the planning process.
- promote the development of good practice in speech, language and communication for all children
- Attend regular communication network meetings, utilising the opportunity to liaise with other multi-agency communication champions and share good practice.
- Be confident to work and promote the locality pathway by sharing with fellow practitioners/teachers, parents and other professionals
- To work in partnership with fellow practitioners and other agencies, and be confident to follow the Bury Pathway to Talking.
- Raise awareness of SLC for practitioners and parents via sharing information and strategies
- Seek out further training and development opportunities to support continued CPD with regard to speech, language and communication.
