

BuryEST

Employment Support and Training

Hi, my name is Daniel, and I am looking for a work placement in admin within Bury Council.

I am kind and reliable, and a hardworking worker and I can work well within a team.

I have had a work placement working in a Co-op store and whilst I was there, I stacked shelves and kept the store nice and tidy, and I enjoyed this work placement it kept me busy. I am also quite good on a computer, and I would like to find work in an admin role. I have done a work placement in admin.

I love slapstick humour and I am also interested in trains, and I have a collection of Hornby train sets.

I like watching T.V., going on the computer, playing on my PS2, and watching DVDs.

Daniel
