

BuryEST

Employment Support and Training

Hi, my name is Matthew, and I am looking for a gardening work placement within Bury Council.

I am a hardworking, reliable, motivated, and well-presented individual.

I have previously completed a work placement on Bury Market working within the Market Operative Role where I worked alongside their team to ensure the smooth day to day running of the market. This included tasks such as emptying the bins, using their compactor, cleaning, and assisting members of the public with queries.

In recent months I have been involved in one of Bury EST's projects at Falcon and Griffin in Bury. Here I have been working alongside a small group to maintain the communal gardens for the residents. This has included a wide range of duties including weeding, path clearing, planting, hedge trimming, using a strimmer, mowing and jet washing pathways.

Whilst based there, I have shown myself to be a focussed individual and pride myself on being thorough at every stage of the task given and I am committed to seeing each task through to completion. I can work well independently once given clear instructions with a familiar task as well as within the small team.

I prefer to be active much of the time.

In my spare time, I enjoy going to watch my favourite football team with my dad, watching WWE and attending social groups.

Matthew
