Employment Support and Training

Hi, my name is Mosche, and I am looking for a work placement/employment within Bury Council.

I am flexible about the type of job I am looking for, although I particularly enjoy roles that are physically challenging and mentally stimulating too.

I am a reliable and conscientious individual who is very capable at working as part of a team but also has the intelligence and resourcefulness to operate effectively on my own. I enjoy using my arithmetic skills and logic to solve problems and I am always keen to learn new skills and gain experience which will help to further my career.

I left school with a GCSE grade C in Maths and passed a City and Guilds level 1 qualification in Construction.

I have completed a work placement and am currently a volunteer at the British Heart Foundation, working in the warehouse and feel great satisfaction from working to help this organisation who do such important work to help people.

The duties I undertake in this role include:

- Distributing items of furniture between warehouse and shop floor.
- Receiving deliveries of furniture and distributing around the store.
- Preparing furniture for collections and helping to load vehicles.
- Assembling/constructing flat-packed furniture.
- Using excellent communication skills, liaising with colleagues and customers.
- Working as an effective team member.

Mosche
