My Job...

Part of my job is working with young people like you, to find out what their strengths are as well as their difficulties.

Then, I use this information to work with teachers in school to try and make the changes you would like. This will hopefully help you get some support with your exams.

I work in schools in Salford and in Bury.

My job is called an 'Assistant Educational Psychologist', but you can just call me **Amy**.

What I would like to get better at...

Running
Cooking
Dog training

What we might do...

I will come to meet you, I will introduce myself and I will tell you what we might do together.

We will have a chat about what is important to you. We may play games, draw pictures or do other activities.

Don't worry we will make it fun and relaxed.

What happens if you don't want to work with me...

If you don't want to meet me or do any work, you don't have to. We will only meet and do as much as you want to. After we have worked together, I will ask you what you thought of working with me.

If you have any questions, you can ask me or another adult in school.
