

Carla-school EP

What is important to me...?

Spending time with my friends and family
Listening to music
Being in nature

Travelling to other countries

My Job...

I work with children and young people like you to find out about how they learn, think and feel.

I try to find out what they are good at and what they would like more help with and see what changes can be made to help them.

I am an "Educational Psychologist" but you can call me Carla.

What people like

about me...

I am caring
I can be good fun
I always see the good in people

What I would like to get better at...

Speaking Spanish

What we might do...

When I come to meet you I will introduce myself and will talk to you about what we might do together.

We will have a chat about what is important to you.

We could also play games, draw pictures, make things or do some different kinds of tests. Don't worry; we'll make it interesting and fun!

What happens if you don't want to work with me...?

If you have any worries, maybe you could talk to an adult that you know about them. And if you really don't want to work with me, you don't have to! After we have worked together I will ask you how it went so you can tell me what you think.

See you soon! Carla
