'Communication and Interaction Needs' means some young people may need help with.....

## Listening and Attention

Pause and reduce communication if I am overwhelmed to help me process information.

#### Speech

Sounds games and visual aids help.

Checking my hearing to make sure that I can hear you clearly.

### Relationships

You can help me by providing friendship support or social skills groups.

# My Speech and Language Needs

Name

# Learning new words

Model language and help me with visuals and objects.

Spider diagrams and word maps are really useful.

## Following instructions

You can help me by providing visually or saying my name before you give me an instruction.

# Social interaction with others

Help my friends to understand that I cannot always find the words and find it difficult.
